

CONTRACT RESEARCH WORK

FACILITY FOR UG/PG/PHD CANDIDATES

ITLS is a leading research organization for providing training/project, consultancy, counseling services. Our clients and partners include life science, home science, chemistry, food & nutrition, pharmaceutical, biotechnology, Medical, Paramedical, nursing academic & industrial, public as well as private organizations. ITLS applies innovative technologies, therapeutic expertise and a commitment to quality to help clients and partners accelerate the delivery of safe and effective therapeutics and maximize the returns on their R&D investments.

ITLS opened its contract research facility in response to growing client demand for GMP analytical testing services. This facility is a result of our scientific expertise, state-of-the-art laboratories and instrumentation and commitment to excellence and regulatory compliance. From our lab in India, we provide a full range of small- and large-molecule testing capabilities, allowing us to meet the changing needs of our clients more efficiently and effectively. This new facility will offer fully integrated product and analytical development services, including method development; validation; stability, release and quality control testing, food testing.
